Pongal Celebration - Traditional Pot Making Activity

Some moments in school stay in our hearts forever. As part of our Pongal celebration at The Adhyayana International Public School, we organised a beautiful traditional **pot making (Mud Pot) activity** for our students. **Professional pot makers visited our campus** and showed our children how a simple clay ball turns into a meaningful pot with patience and skill. Watching this live was a proud and joyful experience for our students. The best part was seeing our children try it with their own hands. Their smiles, excitement and confidence made the activity truly special. It was not just an activity – it was a chance for our students to touch our tradition, learn with joy and create memories together. Heartfelt thanks to the pot making professionals for sharing their wonderful art with our young learners.
