PRE KG - ACTIVITY

Self-Help Skills Activity

Our **Pre KG** children actively participated in a **Self-Help Skills Activity**, where they learned simple everyday skills on their own. These activities help build **confidence, independence, and responsibility** from an early age. Seeing our tiny tots try, learn, and succeed by themselves was truly heart-warming.

PRE KG & JUNIOR KG

Field Trip - Botanical Garden

Our **Pre KG and Junior KG** students had a joyful field trip to the **Botanical Garden**. Children explored nature, learned about plants and flowers, and enjoyed a happy outdoor learning experience. A beautiful day filled with smiles, curiosity, and learning beyond classrooms.

GRADE 1 & 2 FIELD TRIP

Our **Grade 1 & 2** students visited the **Gass Forest Museum** as part of their field trip. The children explored nature, learned about forests, trees and wildlife, and enjoyed a wonderful hands-on learning experience. A joyful and educational day for our young learners.

GRADE 3 & 4 FIELD TRIP

Field Visit to Semmozhi Poonga

Our **Grade 3 & 4** students visited **Semmozhi Poonga** as part of their field visit. The children explored nature, learned through observation, and enjoyed every moment of the outing. It was a joyful and enriching learning experience outside the classroom.

GRADE 5 FIELD TRIP

Our **Grade 5** students had a wonderful and meaningful educational field trip as part of their experiential learning programme. They visited a **grape farm**, **Thondamuthur Fire Station**, and **Perur Temple**. Students learned about agriculture and grape cultivation, understood fire safety and emergency services, and explored the cultural and historical importance of Perur Temple. It was a day filled with **practical learning, observation, and real-life exposure**. Such field Visits help our children connect classroom lessons with the real world. We are happy to see our students learning with curiosity and joy.

GRADE 6 & 7 FIELD TRIP

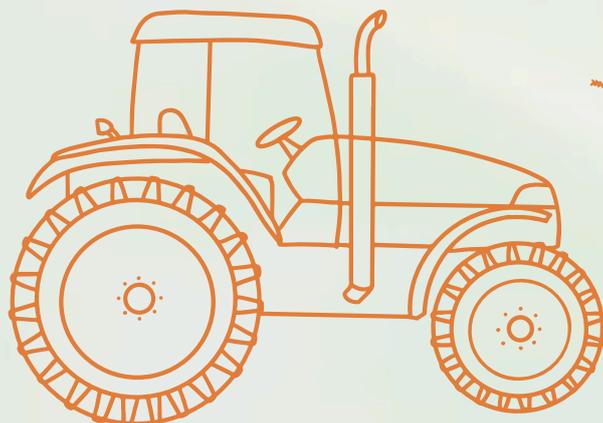

Our **Grade 6 and 7** students had an exciting and educational field visit to a **grape farm and a bottle manufacturing unit**. At the grape farm, students learned about Cultivation, harvesting methods, irrigation techniques, and the importance of agriculture in daily life. They enjoyed seeing the farming process directly from the field. At the bottle factory, students observed how bottles are manufactured, processed, and packed. It was a wonderful opportunity for them to understand industrial production and real-time working systems. Such experiential learning visits help our students connect classroom knowledge with real-world applications.

GRADE 8 FIELD TRIP

Our **Grade 8** students had a wonderful field visit to an **agricultural land** as part of their curriculum learning. The students explored real farming practices, understood soil preparation, irrigation methods, crop cultivation, and the hard work of farmers.

It was a meaningful **hands-on learning experience** where students connected textbook knowledge with real-life farming. They interacted with farmers, observed crops closely, and gained awareness about sustainable agriculture. Such field visits help students develop respect for nature and understand the importance of agriculture in our daily life. We are proud to provide experiential learning opportunities for our students.

ATHENAEUM 2026

A Grand Success

Our young learners from **Kindergarten to Grade 5** showcased their **creativity, confidence and knowledge** at **ATHENAEUM 2026**. The campus was filled with innovation, presentations and proud moments. It was wonderful to see our students explain their ideas with such clarity and enthusiasm. Thank you to all parents for your continuous support.
